NACESM CORROSION 2007
INTERNATIONAL CONFERENCE & EXPO

MARCH 11-15, 2007 • NASHVILLE, TENNESSEE

Welcome | Register | Exhibit Exhibits | Symposia | Industry Courses | Forums

About the Conference and Exhibition

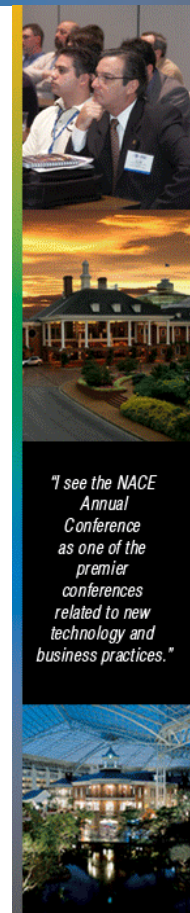

CORROSION/2007 features innovative technical symposia, international networking opportunities and memorable social events. With more than 5,000 industry professionals and over 300 exhibitors, CORROSION/2007 is truly a "must attend" conference for anyone involved in corrosion science and engineering. NACE International proudly invites you to join leaders, executives and decision-makers from around the world as they come together to **KNOW Nashville...KNOW Opryland...and KNOW NACE!**

NEW at CORROSION/2007

As a professional society for Leaders in Corrosion Control Technology, NACE International considers it a necessity to continue to provide the most innovative, exciting, and informative conference events each year! In maintaining that tradition, NACE is pleased to announce the following new conference features.
